Enjoyed the presentations, would it be possible to get a copy of the slides?

Mark, we're in the process of starting method development for a non-legacy PFAS drinking water method. I'd like to chat for a few minutes regarding standards if you have the time. I'm generally available M\_F 8:30-2:30 EST. If you can propose a convenient time I'll give you a call.

Thanks in advance!
